AS VISION 2030 ACCELERATES, THE PRESSURE ON SAUDI EMPLOYERS IS MOUNTING.

MORE FRAGMENTED

Organizations are adopting more tools and processes, but it's getting harder to maintain a unified view of their people, processes, and performance.

MORE COMPLICATED

In the last three years, over 20 major regulatory changes in employment laws have been enacted in the KSA.

MORE DEMANDING

67% of employees say that employers do not automate processes to improve the employee experience.

About Bayzat

Bayzat empowers companies to create remarkable workplaces by supercharging people, processes, and payments.

Bayzat is the only all-in-one platform built for the GCC that is powered by AI — fully localized, built to scale and aligned with leading global enterprise compliance standards.
